Stella Millwood

Experience

UX Engineer at Swedish Public Employment Office, Solna

November 2023 –

- Conduct UX research, design wireframes and prototypes, and implement solutions in production.
- Maintain and develop front-end Angular applications used daily by thousands of users.
- Collaborate with consulting developers or independently deliver end-to-end UX and front-end solutions with clear design hand-offs.

Angular WCAG Figma UX research Prototyping

UX Engineer / Research Assistant at Stockholm University, Kista

September 2022 – June 2023

Contributed to an environmental study by gathering and analyzing user data, playing a pivotal role in designing and developing the front-end of a project website and integrating sensor technology.

Typescript, HTML&CSS Figma UX Research Prototyping

Design Internship at AGoodId, Stockholm

January 2021–June 2021

Established a Figma-based design system and meticulously conducted website assessments to uncover bugs and enhance usability.

Figma Prototyping Usability Evaluations

Stockholm University (Master)

August 2021-June 2023

Master's degree in design for creative and immersive technology

Figma UX Research Prototyping Python (Data Science & IoT) Accessibility

Stockholm University (Bachelor)

August 2017-June 2018 and August 2019-June 2021

Bachelor's degree in computer and systems sciences, specialization in interaction design

Figma UX Research Prototyping Processing (Java) Python Accessibility

Personal Interests

Social and creative, with a keen analytical mind and a passion for problem-solving. I am motivated by creating meaningful impact for users and stay informed on global trends. In my spare time, I enjoy singing, playing guitar and cooking Lebanese and Szechuan recipes.
