

Stella Millwood

Education

Stockholm University (Master)

August 2021-June 2023

Master's degree in design for creative and immersive technology

Stockholm University (Bachelor)

August 2017-June 2018 and August 2019-June 2021

Bachelor's degree in computer and systems sciences, specialization in interaction design

Work Experience

UX Engineer at Swedish Public Employment Office, Solna

November 2023 –

- Maintain and develop frontend Angular applications used by thousands of daily users.
- Conduct UX research, design wireframes and prototypes, and implement solutions in production.
- Collaborate with consulting developers or independently deliver end-to-end UX and frontend solutions with clear design handoffs.

Research Assistant at Stockholm University, Kista

September 2022 – June 2023

Contributed to an environmental study by gathering and analyzing user data, playing a pivotal role in designing and developing the front-end of a project website and integrating sensor technology.

Design Internship at AGoodId, Stockholm

January 2021-June 2021

Established a Figma-based design system and meticulously conducted website assessments to uncover bugs and enhance usability.

Personal Interests

Social and creative, with a keen analytical mind and a passion for problem-solving. I am motivated by creating meaningful impact for users and stay informed on global trends and societal issues. In my spare time, I enjoy singing and playing guitar, dancing and cooking Lebanese and Szechuan recipes.
